The Freedom Ride is a scenic 60 mile motorcycle ride through West Point dedicated to the late Mario Scolaro, US Army Veteran and Rockland native. Mario had a vision before his passing to create an event to honor his fellow Veterans and our local first responders. This event is something special for everyone in the area to enjoy, to remember those who served this great nation, and to help our local community thrive.

Info for Riders:

Registration for the ride will be from 9am to 10am at Clover Stadium or in advance at t-usf.org/freedomride
Donation of \$20 for Riders and \$15 for a passenger (includes entry into Bike Show after ride)
Kickstands up at 10:30am

Donations raised will benefit our local military community and first responders.
